1 Osigbemen Avenue Off Useh, Ogida barracks
Benin, Edo

Summary

An adaptive and self-motivated web developer with knowledge in user interface, debugging processes and web security. Bringing forth expertise in design, development and maintenance of web systems. Equipped with a diverse and promising skill-set. Proficient in technologies including React, Redux, Firebase, Github, Html, and Css. Able to effectively self-manage during independent projects, as well as collaborate in a team setting. And most of all, always learning to be better, from people around, past situations, problems and other things.
